

Guns of Apache Springs

Apache Springs holds little allure for bounty hunter Jack Guthrie. Until he meets the beautiful prostitute Addie Heller. But Guthrie cant avoid trouble, not with his background. Tensions mount as a corrupt mayor and his gun-totin henchmen aim to take over the town, including the fancy bordello owned by friendly, helpful Ma Snow, and Guthrie is called on to use his skills. But just as Guthrie is making headway in calming the town, the past returns in the form of Luke Taggart. And the violence explodes as Guthrie faces off with Taggart and his vicious gun pals.
