

He Knew He Was Right

He Knew He Was Right explores male authority and women's rights within marriage--core issues in arguments over married women's property. The central theme of the novel is the sexual jealousy of Louis Trevelyan who unjustly accuses his wife Emily of a liaison with a friend of her father's. As his suspicion deepens into madness, Trollope gives us a profound psychological study in which Louis' obsessive delirium is comparable to the tormented figure of Othello, tragically flawed by self-deception. Against the disintegration of the Trevelyan's marriage, a lively cast of characters explore the ideas of female emancipation and how to distinguish between obedience and subjection. Although himself no supporter of women's rights, in this novel some of Trollope's most spirited characters are single women.

Drama turned away. News of this visit reached Louis in Italy and he demands that his son be sent to live with him. He Knew He Was Right (2004). 7.9/10.
