

# Jitney

Set in the 1970s in Pittsburgh's Hill District, and depicting gypsy cabdrivers who serve black neighborhoods, *Jitney* is the seventh in Wilson's 10-play cycle (one for each decade) on the black experience in twentieth century America. A major work by two-time Pulitzer Prize-winner August Wilson. A thoroughly revised version of a play August Wilson first wrote in 1979, *Jitney* was produced in New York for the first time in the spring of 2000, winning rave reviews and the accolade of the New York Drama Critics Circle Award as the best play of the year. Set in the 1970s in Pittsburgh's Hill District, and depicting gypsy cabdrivers who serve black neighborhoods, *Jitney* is the seventh in Wilson's 10-play cycle (one for each decade) on the black experience in twentieth century America. He writes not about historical events or the pathologies of the black community, but, as he says, about the unique particulars of black culture ... I wanted to place this culture onstage in all its richness and fullness and to demonstrate its ability to sustain us ... through profound moments in our history in which the larger society has thought less of us than we have thought of ourselves.
